# IPSR The Corporate

IPSR Solutions Ltd is a public limited IT Company based in Kottayam, Kerala. Our services ranges from Custom Web Development, Software Development, Remote Infrastructure Management, Technical Support and Placement Consultancy. Our core service area is the high end IT training.

IPSR started in 1999 at Kottayam has grown all over Kerala and our Overseas operations are managed by our wholly owned subsidiary Valin technologies, based at London, UK. We are headquartered at Kottayam and have six branches across Kerala and a branch in Bengaluru. We have produced the highest number of Red Hat Professionals in the world.

We have a full fledged Web Division, **Weberge** and a Tech Support Division, **Supportberry**.

## IPSR Training Services:

Our training division offers both the training and certification services that cater to a broad spectrum of students ranging from graduates to experienced professionals. We provide training in Software technologies like .Net / Java / PHP / Android / Python and also in Cloud and Linux Networking. Since 2003, IPSR Solutions Ltd. is a certified training partner of Red Hat® Inc and we have 25 + well experienced Linux Faculties including Red Hat Certified Architects (RHCA's). During the first year of our association with Red Hat® Inc, we succeeded in conducting 9 certification examinations only, but in the last few years we handled 1000+ certification examinations every year.

We have six fully owned training Centers in Kerala. We have more than 15 Years of Experience and Expertise in delivering IT Trainings to Students and as well as to corporate. Every year total of 2500 – 3000 students passes out from IPSR.

We also get overseas students from more than 50 countries globally and our trainers and infrastructure maintains the topnotch international standards in delivering the training.

## Strengths of IPSR in Training Services:

**Experienced faculty** – We have a Team of more than 50 Faculty members with experience ranging from 1 to 20 years with ample Industry Experience.

**Association with our IT Company** – Our Training division works closely associated with the Development Division and Tech Support Division, to ensure that students are updated with the latest development of IT along with practical orientation. We have Development Centers at our Kottayam, Cochin, Calicut Cyber Park and Trivandrum Branches.

## Presence all over Kerala:

IPSR has offices in all Top Cities of Kerala, to ensure wide reach of our training program.

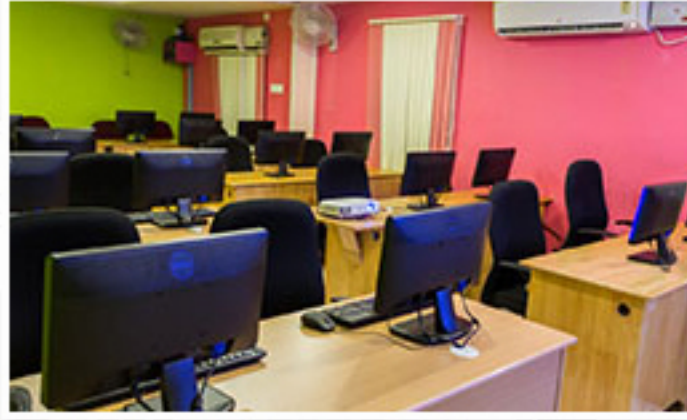

**Trivandrum**  
**Kottayam**  
**Cochin**  
**Calicut**

## Most modern Infrastructure:

IPSR offers latest Infrastructure facilities for our students. We are an authorized training partner and exam centre of Redhat.

## Excellent Placements:

As we ensure placements for our students, our training programs are of much Demand.

## Special Training:

We offer additional trainings for our students apart from regular syllabus based classes. This include Communication Skills Development (CSD) classes, Placement Orientation Programs, Technology trainings, Aptitude Training etc.

## Strengths of IPSR in sourcing candidates:

IPSR Career Centre, the dedicated division for the placement and career development started its activities in the year 2005. This division of IPSR is managing [www.ipsrjobs.com](http://www.ipsrjobs.com), Kerala's most reputed Job portal for IT / ITES hiring. Initially this job portal was only for the IPSR students but now it supports students from many parts of South India. We have 3 Lakh plus registered members and more than 1100 companies regularly recruiting through [ipsrjobs.com](http://ipsrjobs.com). We conduct exclusive recruitment for Top IT Companies like Red Hat®, RMESI, Experion, Pivot, UST Global, Poornam Infovision etc and are partners for Wipro, Tech Mahindra, Polaris etc for recruitments. Our online training portal [www.ipsraptitudetraining.in](http://www.ipsraptitudetraining.in) is also very useful to the students for preparing competitive examinations.

Our recruitment division also manages [www.careerdeepika.com](http://www.careerdeepika.com), the job portal of Deepika publications, Kerala's first News paper group and the subsidiary of [deepika.com](http://deepika.com), most read malayalam online newspaper in the world.

Over the period a decade the number of our associated colleges of IPSR grow upto 75, comprising of Engineering, Arts and Science as well as Diploma colleges in Kerala for training and Placements.

Our Placement Division head, Mr Brijesh George John is the chairman of Placement Officers Kerala Group, a consortium of 252 placement officers in Kerala.

Our CEO, Dr. Mendus Jacob is an academician, who served as Director at School of Applicable Mathematics at Mahatma Gandhi University, Kottayam. He is still a member of many apex educational bodies of the state and of many educational institutions.

## Recognitions for our IT Training Division:

## IPSR IT Finishing School

IPSR has started IT Finishing School in 2007, which led 1000s of students to get placed. IPSR IT Finishing School offers a unique opportunity for the students to make themselves equipped with the new and emerging challenges in the IT Industry. The program offers technology training, aptitude training, soft skills training, live internships for students opting for software stream as well as the networking stream with exposure to live projects & placement support through [www.ipsrjobs.com](http://www.ipsrjobs.com)

### Advantages of IT Finishing School Programme:

- We train students industry ready.
- IPSR ITFS courses are handled by experts having IT industry experience.
- Live experience for students as candidates can work on real time Live Projects.
- Internship for students in our client companies.
- Personality Development Programmes.
- Placement Orientation Programmes.
- Communication Skills Development Programmes.
- Candidates can get lifetime Placement support.
- Candidate can avail extra training on Aptitude, CV Preparation, Interview, Group Discussion etc.
- Selected students will get a chance to do live Internship at UL Cyber Park.

Industry Ready	Internship	Aptitude Training	CV Preparation
Handled by Experts	Personality Development Programmes		Group Discussions
Live Experience	Placement Orientation programmes		Lifetime Placement Support
Real Time Projects	Communication skill development		Internship at UL Cyber Park

After completing the technology training the student gets an induction to perform as a professional. Then they are assigned to do live projects in our own development division as well as at our client companies. These projects will eventually groom them as an IT professional who is readily employable.

Training in latest technologies like .Net / JAVA / PHP / Android / Linux with the syllabus designed by Industry experts.
