Renjith R S
3 months Ipsr IT Finishing school program valuable than 10 years of Non IT experience.

"After working for around 10 years in Bangalore and Kochi, I decided to settle down in Trivandrum. But with this experience it was very difficult to get a job here. One of my friends suggested IPSR and I decided to join for RHCE course. I got placed even before completing the course and RHCE certification. I recommend IPSR is the best place to get proper guidance towards acquiring a job. I would like to thank my faculty and the Branch Manager for the proper guidance."
