

# Are you ready for your dream Job?

IPSR Newsletter

Issue: May - 2016 | Vol: 4

A common statement being made across the country is that the graduate that pass out of the colleges are not job-ready and that only about 25% to 30% are employable and is successful in direct recruitment. However, the causation factors to this situation are many; one key factor could be the onus of training student to meet the employability requirement lies not just with academia, but with the industry as well.....
